However, any such proposed alternative method of compliance will be required to meet the performance criteria specified in Section III (1) of this ordinance, and the user must adequately demonstrate to the satisfaction of the Town that the proposed alternative method will satisfy those performance criteria. In addition, any such alternative method must be cleaned at a more frequent interval than is required of grease traps and interceptors under Section III (5) of this ordinance. For purposes of this section, an overflow, spill, leak or other event shall be deemed to have an environmental impact when (a) such overflow or other event involves an amount of wastewater equal to or in excess of one thousand (1,000) gallons, or (b) any amount of wastewater reaches any body of surface water.

New plantings, for the purpose of this permit, are defined as the installation of new sod to the entire yard, whole yard first seeding, large commercial plantings or whole

yard reestablishment (50% or greater disturbance of lawn). The permit will be applicable during the installation and for 45 days from substantial completion of the installation. Irrigation will be permitted during the hours 5:00am to 10:00am.

- a) The water level in any swimming or wading pool may be supplemented to provide for proper operation and sanitary pool conditions.
- b) Residents are prohibited from washing areas such as sidewalks, patios, decks, driveways, parking lots, streets and exterior building surfaces except on Saturdays and Sundays. This restriction shall not apply to the washing of soiled areas for maintenance of public health and sanitary conditions. The commercial use of power washers is permitted.

Leaking water services or plumbing must be repaired with five (5) days of written notification by the Town of Youngsville Water and Sewer Department.

IV. Triggers

The Town of Youngsville is provided water solely by purchase from Franklin County Public Utilities. When Franklin County declares a water shortage Youngsville is required to do so as well. During this time the Town Administrator, or his/her designee, will stay in close contact with Franklin County Public Utilities and follow their triggers.

Return to Normal

When water shortage conditions have abated and the situation is returning to normal, water conservation measures employed during each phase should be decreased in reverse order of implementation. Permanent measures directed toward long-term monitoring and conservation should be implemented or continued so that the community will be in a better position to prevent shortages and respond to recurring water shortage conditions.

V. Enforcement

The provisions of the water shortage response plan will be enforced by Town of Youngsville personnel and local law enforcement. Violators may be reported on the Town’s phone line. Citations are assessed according to the following schedule depending on the number of prior violations and current level of water shortage.

Water Shortage Level	First Violation	Second Violation	Third Violation
Voluntary Reductions	N/A	N/A	N/A
Mandatory Reductions (Stages 2 and 3)	Warning	\$200	\$500
Emergency Reductions	\$250	Discontinuation of Service	Discontinuation of Service
Water Rationing	\$500	Discontinuation of Service	Discontinuation of Service

Violation of this amendment to the Water Shortage Response Ordinance may be punished by any means available to Franklin County through the provisions of N.C.G.S 160A-175. A written warning will be issued for the first violation, a second violation of this ordinance is \$200.00, a third violation is \$500.00, and a fourth violation shall result in interruption of water service to the offending customer.

The Town will issue written notification to the customer and occupant of intent to interrupt water service and twenty-four (24) hours later will interrupt water service unless the violation has ceased. Each day shall constitute a separate violation. If water service has been interrupted due to repeat violation of this ordinance, service will not be re-instated until the Town Administrator has determined that the risk to the Town water supply has been alleviated or the Town Administrator is otherwise assured of compliance. All fines associated with violations of this ordinance shall be paid within thirty (30) days of first notification. Failure to do so will result in interruption of service. Service will not be restored until such time that all applicable fines have been paid.

VI. Public Comment

Customers will have multiple opportunities to comment on the provisions of the water shortage response plan. First, a draft plan will be available at Town Hall for customers to view. A notice will be included in customer water bill notifying them of such. All subsequent revisions to the draft plan will be published at least 30 days prior to an adoption vote by the Youngsville Board of Commissioners.

VII. Variance Protocols

Customers may submit a written request to receive a variance from this policy. All requests must be submitted to the Town Hall for review by the Town Administrator or his or her designee. A decision to approve or deny individual variance requests will be determined within two weeks of submittal after careful consideration of the following criteria: impact on water demand, expected duration, alternative source options, social and economic importance, purpose (i.e. necessary use of drinking water) and the prevention of structural damage.

VIII. Effectiveness

The effectiveness of the Town of Youngsville water shortage response plan will be determined by comparing the stated water conservation goals with observed water use reduction data. Other factors to be considered include frequency of plan activation, any problem periods without activation, total number of violation citations, desired reductions attained and evaluation of demand reductions compared to the previous year's seasonal data.

IX. Revision

The water shortage response plan will be reviewed and revised as needed to adapt to new circumstances affecting water supply and demand, following implementation of emergency restrictions, and at a minimum of every five years in conjunction with the updating of our Local Water Supply Plan. Further, a water shortage response planning work group will review procedures following each emergency or rationing stage to recommend any necessary

improvements to the plan to the Town of Youngsville Board of Commissioners. The Town Administrator is responsible for initiating all subsequent revisions.

This ordinance shall take effect immediately upon adoption or passage by the Youngsville Board of Commissioners this 10th day of February, 2011.

**CONSERVATION MEASURES
WATER SHORTAGE RESPONSE
ORDINANCE No. 4.114**

ADDENDUM

CONSERVATION MEASURES

Direct users to adopt the following conservation measures:

INDOOR RESIDENTIAL USE:

CONSERVATION FOR VOLUNTARY CONSERVATION PHASES:

- Use dishwashers only when they are full. Washing dishes by hand (don't let the tap run!) Saves about 25 gallons.
- Adjust water level on clothes washing machines, if possible. Use full load only, of not adjustable.
- Turn off faucets while brushing teeth, etc. Saves about 5 gallons per day.
- Reduce water used per flush by installing toilet tank displacement inserts. A plastic jug may often be used as an alternative. DO NOT USE BRICKS – they disintegrate when soaked and the resulting grit hinders closing of the flap valve.
- Do not use the toilet as a trash can.
- Use sink and tub stoppers to avoid wasting water.
- Keep a bottle of chilled water in the refrigerator for drinking.
- Find and fix leaks in faucets and water-using appliances. Faucets can usually be fixed cheaply and quickly by replacing washers.
- Take shorter showers and shallow baths. Saves about 25 gallons.
- Reduce the number of toilet flushes per day. Each flush uses about 5 gallons (2-3 if you have water saving toilets).
- Don't use a garbage disposal.
- Use non-phosphate detergent and save laundry water for lawns and plants.

CONSERVATION FOR EMERGENCY CONSERVATION OR RATIONING PHASE (In addition to measures listed above).

- Turn off shower while soaping up.
- Use disposable eating utensils.

**OUTDOOR RESIDENTIAL USE
CONSERVATION FOR NORMAL CONDITIONS AND VOLUNTARY CONSERVATION
PHASE:**

Lawns:

- Water before 10:00 a.m. to prevent evaporation that occurs during the hottest part of the day. Morning is better than evening, when the dampness encourages growth of fungus.
- Water only when lawn shows signs of wilt. Grass that springs back when stepped on does not need water.
- Water thoroughly, not frequently: long enough to soak roots. A light sprinkling evaporates quickly and encourages shallow root systems. Water slowly to avoid runoff.
- Don't let the sprinkler run any longer than necessary. In an hour, 600 gallons can be wasted.
- Allow maximum of one inch of water per week on your lawn. To measure, place cake tins outside to collect rain and water from sprinklers.
- Use pistol-grip nozzles on hoses to avoid waste when watering flowers and shrubs.
- Aerate lawns by punching holes 6 inches apart. This allows water to reach roots rather than run off surfaces.
- Position sprinklers to water the lawn, not the pavement.
- Avoid watering on windy days when the wind not only blows water off target, but also causes excess evaporation.
- Keep sprinkler heads clean to prevent uneven watering.
- Adjust hose to simulate a gentle rain. Sprinklers that produce a fine mist waste water through evaporation.
- Know how to turn off an automatic sprinkler system in case of rain.
- Use an alarm clock or stove timer to remind you to shut off sprinklers that don't have timers.

Vegetables and Flower Gardens:

- Water deeply, slowly and weekly. Most vegetables require moisture to a depth of 6 to 8 inches.
- Keep soil loose so water can penetrate easily.
- Keep weeds out to reduce competition for water.
- Put the water where you want it and avoid evaporation by using soil-soakers or slow running hoses, not sprinklers.

Trees and Shrubs:

- Water deeply using a soil-soaker or drip-irrigation.
- Water only when needed. Check the depth of soil dryness by digging with a trowel.
- Mulch to reduce evaporation. A 2" to 3" layer of wood chips, pine needles, grass clippings, or straw keeps the soil cool in summer.
- Dig troughs around plants to catch and retain water.
- Water trees growing in full sun more often than those in shade.
- Do not use sprinklers. Apply water directly at base.
- Do not fertilize during the summer. Fertilizing increases a plant's need for water.
- Postpone planting until fall or spring when there is generally less need for water.
- Install trickle-drip irrigation systems close to the roots of your plants. By dripping water slowly, the system doesn't spray water in to the air. Use soil probes for large trees.
- Water when cloudy or at night.

**OUTDOOR RESIDENTIAL USE CONSERVATION FOR VOLUNTARY CONSERVATION
PHASE (in addition to measures listed above).**

- Do not allow children to play with hose or sprinklers.
- Limit car washing.
- Be ready to catch rainfall that occurs. Place containers under drain sprouts.
- Use leftover household water if available.
- Consider delaying the seeding or sodding of new lawns.

- Determine the amount of water being used outdoors by comparing water bills for summer and winter.

CONSERVATION FOR MANDATORY CONSERVATION PHASE (In addition to measures listed above).

- Vegetable gardens and food trees should be given minimal amounts of water on an individual basis only.
- Do not water lawns and inedible plants.
- Do not use sprinklers.

Most outdoor watering is prohibited under Emergency Conservation conditions.

HOSPITAL AND HEALTH CARE FACILITY USE:

- Reduce laundry usage or services by changing the linens, etc. only when necessary to preserve the health of patients or residents.
- Use disposable food service items.
- Eliminate, postpone, or reduce, as they may be appropriate, elective surgical procedures during the period of emergency.

INDUSTRIAL USE

- Identify and repair all leaky fixtures and water-using equipment. Give special attention to equipment connected directly to waterlines, such as processing machines, steam-using machines, washing machines, water-cooled air conditioners, and furnaces.
- Assure that valves and solenoids that control water flows are shut off completely when the water-using cycle is not engaged.
- Adjust water-using equipment to use the minimum amount of water required to achieve its stated purpose.
- Shorten rinse cycles for laundry machines as much as possible; implement lower water levels wherever possible.
- For processing, cooling, and other uses, either re-use water or use water from sources that would not adversely affect public water supplies.
- Advise employees, students, patients, customers, and other users not to flush toilets unnecessarily. Install toilet tank displacement inserts; place flow restrictors in showerheads and faucets; close down automatic flushes overnight.
- Install automatic flushing valves to use as little water as possible or to cycle at longer intervals.
- Place water-saving posters and literature where employees, students, patients, customers', etc. will have access to them.
- Review usage patterns to see where other savings can be made.

5.509 PARKING OF TAXICABS WITHIN THE SAME BLOCK. Not more than two taxicabs owned by the same company, shall be parked in one block at the same time, except such taxicabs as may be parked in established taxi stands as set out in Section 8 of this Article.

5.510 PARKING PARALLEL TO CURB, UNLESS OTHERWISE DIRECTED BY THIS CHAPTER, OR BY PARKING LINES. Where not otherwise indicated by this Ordinance, and

where the street is not marked to show how vehicles shall park, all vehicles shall park parallel to the curb and not more than twelve inches thereto.

No such vehicle shall be removed from private property without the written request of the owner, lessee, or occupant of the premises unless the Code Administrator finds in writing that the aesthetic benefits of removing the vehicle outweigh the burdens imposed on the private property owner. Such finding shall be based on a balancing of the monetary loss of the apparent owner against the corresponding gain to the public by promoting or enhancing community, neighborhood, or area appearance. The following among other relevant factors may be considered:
 - (1) Protection of property values;
 - (2) Promotion of tourism and other economic development opportunities;
 - (3) Indirect protection of public health and safety;

Section 6.109.6 Removal of abandoned, nuisance, or junked motor vehicles; pre-towing notice requirements.

- (a) Except as set forth in Section 6.109.7 below, an abandoned, nuisance, or junked motor vehicle which is to be removed shall be towed only after notice to the registered owner or person entitled to possession of the vehicle. In the case of a nuisance vehicle or a junked motor vehicle, if the names and addresses of the registered owner or person entitled to the possession of the vehicle, or the owner, lessee, or occupant of the real property upon which the vehicle is located can be ascertained in the exercise of reasonable diligence, the notice shall be given by first class mail. The person who mails the notice(s) shall retain a written record to show the name(s) and address(es) to whom and to which mailed, and the date mailed. If such names and addresses cannot be ascertained or if the vehicle to be removed is an abandoned motor vehicle, notice shall be given by affixing on the windshield or some other conspicuous place on the vehicle a notice indicating that the vehicle will be removed by the Town on a specified date (no sooner than seven (7) days after the notice is affixed). The notice shall state that the vehicle will be removed by the Town on a specified date, no sooner than seven (7) days after the notice is mailed or affixed, unless the vehicle is moved by the owner or legal possessor prior to that time.
- (b) With respect to abandoned vehicles on private property, nuisance vehicles and junked vehicles to which notice is required to be given, if the registered owner or person entitled to possession does not remove the vehicle but chooses to appeal the determination that the vehicle is abandoned, a nuisance vehicle or in the case of a junked motor vehicle that the aesthetic benefits of removing the vehicle outweigh the burdens, such appeal shall be made to the Town Clerk in writing, heard at the next regularly scheduled meeting of the Board of Commissioners, acting in the capacity of the Appeals Board, and further proceedings to remove the vehicle shall be stayed until the appeal is heard and decided.

Section 6.109.7 Exceptions to prior notice requirement.

The requirement that notice be given prior to the removal of an abandoned, nuisance, or junked motor vehicle may, as determined by the authorizing official, be omitted in those circumstances where there is a special need for prompt action to eliminate traffic obstructions or to otherwise maintain and protect the public safety and welfare. Such findings shall, in all cases, be entered by the authorized official in the appropriate daily records. Circumstances justifying the removal of vehicles without prior notice include:

- (a) Vehicles abandoned on the streets. For vehicles left on the public streets and highways, the Board of Commissioners hereby determines that the immediate removal of such vehicles may be warranted when they are:
 - (1) Obstructing traffic.
 - (2) Parked in violation of an ordinance prohibiting or restricting parking.
 - (3) Parked in a no-stopping or standing zone.
 - (4) Parked in loading zones.
 - (5) Parked in bus zones, or

(6) Parked in violation of temporary parking restrictions.

(b) Other abandoned or nuisance vehicles. With respect to abandoned or nuisance vehicles left on Town-owned property other than the streets or highways, and on private property, such vehicles may be removed without giving prior notice only in those circumstances where the authorizing official finds a special need for prompt action to protect and maintain the public health, safety, and welfare. By way of illustration and not of limitation, such circumstances include vehicles blocking or obstructing ingress or egress to businesses and residences, vehicles parked in such location or manner as to pose a traffic hazard, and vehicles causing damage to public or private property.

Section 6.109.8 Removal of vehicles; post-towing notice requirements.

Any abandoned, nuisance, or junked motor vehicle which has been ordered removed may, as directed by the Town, be removed to a storage garage or area by the tow truck operator or towing business contracting to perform such services for the Town. Whenever such a vehicle is removed, the authorizing Town official shall immediately notify the last known registered owner of the vehicle with such notice to include the following;

- (1) The description of the removed vehicle;
- (2) The location where the vehicle is stored;
- (3) The violation with which the owner is charged, if any;
- (4) The procedure the owner must follow to redeem the vehicle; and
- (5) The procedure the owner must follow to request a probable cause hearing on the removal.

The Town shall attempt to give notice to the vehicle owner by telephone; however, whether or not the owner is reached by telephone, written notice, indicating the information set forth in subsections (1) through (5) above, shall also be mailed to the registered owner's last known address, unless this notice is waived in writing by the vehicle owner or his agent.

If the vehicle is registered in North Carolina, notice shall be given within twenty-four (24) hours. If the vehicle is not registered in the State, notice shall be given to the registered owner within seventy-two (72) hours from the removal of the vehicle.

Whenever an abandoned, nuisance, or junked motor vehicle is removed, and such vehicle has no valid registration or registration plates, the authorizing Town official shall make reasonable efforts, including checking the vehicle identification number to determine the last known registered owner of the vehicle and to notify him of the information set forth in subsections (1) through (5) above.

Section 6.109.9 Right to probable cause hearing before sale or final disposition of vehicle.

After the removal of an abandoned vehicle, nuisance vehicle, or junked motor vehicle, the owner or any person entitled to possession is entitled to a hearing for the purpose of determining if probable cause existed for removing the vehicle. A request for hearing must be filed in writing with the county magistrate designated by the chief district court judge to receive such hearing requests. The

Magistrate will set the hearing within seventy-two (72) hours of receipt of the request, and the hearing will be conducted in accordance with the provisions of G.S. 20-219.11, as amended.

Section 6.109.10 Redemption of vehicle during proceedings.

At any stage in the proceedings, including before the probable cause hearing, the owner may obtain possession of the removed vehicle by paying the towing fees, including any storage charges, or by posting a bond for double the amount of such fees and charges to the tow truck operator or towing business having custody of the removed vehicle. Upon regaining possession of a vehicle, the owner or person entitled to the possession of the vehicle shall not allow or engage in further violations of this Chapter.

Section 6.109.11 Sale and disposition of unclaimed vehicle.

Any abandoned, nuisance, or junked motor vehicle which is not claimed by the owner or other party entitled to possession will be disposed of by the tow truck operator or towing business having custody of the vehicle. Disposition of such a vehicle shall be carried out in coordination with the Town and in accordance with Article 1 of Chapter 44A of the North Carolina General Statutes.

Section 6.109.12 Conditions on removal of vehicles from private property.

As a general policy, the Town will not remove a vehicle from private property if the owner, occupant or lessee of such property could have the vehicle removed under applicable State law procedures. In no case will a vehicle be removed by the Town from private property without a written request of the owner, occupant or lessee, except in those cases where a vehicle is a nuisance vehicle or is a junked motor vehicle which has been ordered removed by the Town Code Administrator. The Town may require any person requesting the removal of an abandoned, nuisance, or junked motor vehicle from private property to indemnify the Town against any loss, expense or liability incurred because of the removal, storage, or sale thereof.

Section 6.109.13 Protection against criminal or civil liability.

No person shall be held to answer in any civil or criminal action to any owner or other person legally entitled to the possession of an abandoned, nuisance, or junked motor vehicle, for disposing of such vehicle as provided in this Chapter.

Nothing in this Chapter shall apply to any vehicle: (1) which is located in a bona fide "automobile graveyard" or "junkyard" as defined in N.C.G.S. 136-143, in accordance with the "Junkyard Control Act", N.C.G.S. 136-141, et seq., (2) which is in an enclosed building, (3) which is on the premises of a business enterprise being operated in a lawful place and manner if the vehicle is necessary to the operation of the enterprise; or (4) which is in an appropriate storage place or depository maintained in a lawful place and manner by the Town.

Section 6.109.15 Unlawful removal of impounded vehicle.

It shall be unlawful for any person to remove or attempt to remove from any storage facility designated by the Town, any vehicle which has been impounded pursuant to the provision of this Chapter unless and until all towing and impoundment fees which are due, or bond in lieu of such fees, have been paid.

Section 6.109.16 Alternative Remedies.

Nothing in this Chapter, nor any of its provisions, shall be construed to impair or limit in any way the power of the Town to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise, nor shall enforcement of one remedy provided herein prevent the enforcement of any other remedy or remedies provided herein or in other ordinances or laws. In addition to the remedies provided for herein, any violation of the terms of this Chapter shall subject the violator to the penalties and remedies, as set forth in Chapter 12, Section 12.101, General Penalties; Enforcement of Ordinances; Continuing Violations, of the Code of Ordinances of the Town of Youngsville.”

7.601 PRIVILEGE LICENSE ORDINANCE

GENERAL

7.601.1 Definitions. When used in this ordinance (unless the context requires a different meaning):

(a) "Person" includes any individual, trustee, executor, other fiduciary, corporation, unincorporated association, partnership, sole proprietorship, company, firm or other legal entity.

(b) "Business" includes each trade, occupation, profession, business, and franchise taxed under this ordinance.

(c) A business is "seasonal" in nature when it is conducted for profit six months out of the year or less.

7.601.2 Construction of This Ordinance. This ordinance is enacted for revenue purposes only. Therefore, it should be construed to require payment of the maximum tax permitted under this terms. In addition issuance of a license in accordance with this ordinance does not excuse a licensee from compliance with any other applicable ordinance or statute. This ordinance does not prevent the town from imposing license taxes on additional businesses, from increasing or decreasing the amount of any license tax, or from regulating any business taxed.

LEVY

7.601.3 Levy of Tax. An annual privilege license tax is hereby levied on each business conducted within this town listed in Sections 34 through 35 of this ordinance in the amounts set forth in those Sections.

7.601.4 Who Must Pay Tax. Each person who conducts a business within this town is subject to this ordinance. A person "conducts business" when he engages in one act of business taxed under this ordinance. He conducts the business "within the town" if he maintains a business location within the town; or if, either personally or through agents, he (1) solicits business within the town limits or (2) picks up or delivers goods or services within the town limits.

7.601.5 Period of License, Due Date.

(a) Annual licenses. Unless the Section of this ordinance levying the privilege license tax applicable to a particular business provides otherwise, a license issued in accordance with this ordinance is good for the twelve-month period beginning July 1 and ending June 30. The tax is due on July 1 of each year. However, if a person begins a business after July 1 of a year, the tax for that year is due before the business is begun.

7.601.6 Proration of Tax. If a business is begun after January 31 and before July 1, the amount of tax due is half the amount otherwise due. If a business is seasonal in nature and if the amount of tax is not based on gross receipts, the amount of tax due is half the amount otherwise due.

7.601.7 Refunds. If for any reason a licensee discontinues his or her business during the license year, he or she is not entitled to a refund.

7.601.8 Separate Businesses. A separate license is required and a separate privilege license tax must be paid for each place of business unless two or more places of business under common ownership are contiguous to each other, communicate directly with and open into each other and are operated as a unit. In addition a separate privilege license tax must be paid for each business taxable under this ordinance conducted by the taxpayer at any one location; however, the tax collector may issue a single license for all taxable business conducted at one location by a single taxpayer.

7.601.9 Computation of Tax Based on Gross Receipts. No privilege licenses taxes are computed on the gross receipts basis in the Town of Youngsville.

7.601.10 Exemptions.

(a) Generally. Except as otherwise provided in this Section or by state law, no person is exempt from the payment of a privilege license tax levied by this ordinance.

(b) Charitable organizations. A person who operates a business for a religious, education, civic, patriotic, charitable, or fraternal purpose, when the entire gross income of the business is used for such a purpose, is exempt from paying any privilege license tax levied by this ordinance.

(c) Blind persons and members of the armed forces and merchant marine. Blind persons and persons who serve in the United States armed forces or the merchant marine are exempt from paying any privilege license tax levied by this ordinance to the extent provided by G.S. 105-249 and G.S. 105-249.1.

LICENSES

7.601.11 Application. A person shall apply to the tax collector for each license required by this ordinance no less than thirty days before the date the tax is due. The application, which shall be submitted on forms provided by the tax collector, shall contain:

(b) The nature of the business.

(c) Where the business is conducted.

(d) An address where notices and statements may be mailed to as required by this ordinance.

(e) Whether the business is regulated by a state occupational licensing board subject to G.S. Chapter 93B, and if so, the serial number of the state license the applicant currently holds.

(f) Any other information the tax collector determines to be necessary to compute the amount of tax due.

7.601.12 Reasons for Refusal or Revocation of a License. The tax collector shall refuse to issue a license or shall revoke a license for any of the following reasons:

(a) The applicant misrepresents a fact relevant to the amount of tax due or his or her qualifications for a license.

(b) The applicant refused to provide information necessary to compute the amount of tax due.

(c) The location of the intended business is in violation of the current zoning classification of the Town of Youngsville.

7.601.13 Unqualified Applicants; Right to a Conference. After receipt of the completed application, if the tax collector believes that a reason exists for refusing a license under Section 12 of this ordinance, the tax collector shall refuse to accept payment of the tax and shall not issue the license. At the applicant's request, the tax collector shall, in accordance with Section 22 of this ordinance, give the applicant a written statement of the reason for refusing the license. The applicant may, within ten days after the day the statement is received, request a conference to discuss the refusal. In the request the application shall specify why the application for a license should not be refused. The tax collector shall arrange the conference within a reasonable time.

If the collector refuses to issue a license, the applicant may reapply for a license at any time thereafter. If the reason for which the application was refused no longer exists, and if no other reasons exists for refusing to issue a license, the tax collector shall issue the license in compliance with Section 14 of this ordinance.

7.601.14 Tax Collector to Issue License, Payment of Tax a Prerequisite. After receipt of the completed application, if the tax collector believes that no reason exists for refusal of a license under Section 12 of this ordinance, the tax collector shall determine the amount of tax due and notify the applicant of that amount. The tax collector shall not issue a license until the tax is paid.

7.601.15 Amount of Tax Disputed. If disputes arise over the amount the tax collector determines to be due, the applicant may either refuse to pay and request a conference with the tax collector discuss the determination or pay the amount and request a conference to discuss the right to a refund. If a conference is requested, the tax collector shall arrange it within a reasonable time.

7.601.16 Revocation. The tax collector shall revoke a license if a reason exists to revoke it as set forth in Section 12 of this ordinance. Before revoking a license, the tax collector shall give the licensee written notice of the grounds for revocation, in accordance with Section 22 of this ordinance. The licensee may within ten days after the day on which notice is served request a conference with the tax collector in writing. The request shall specify the reasons why the license should not be revoked. The tax collector shall arrange the conference within a reasonable time.

If the licensee fails to request a conference within ten days after the day on which notice is served, the tax collector shall revoke the license. If the licensee requests a conference, the tax collector may not revoke the license until after the conference.

If the tax collector revokes a license, the former licensee may apply for a new license at any time thereafter. If the reason for which the license was revoked no longer exists and if no other reason exists for refusing to issue a license, the tax collector shall issue the license in accordance with Section 14 of this ordinance.

7.601.17 Assignments. A license may be assigned if (1) a business licensed under this ordinance and carried on at a fixed place is sold as a unit to any person, and (2) the purchaser is to carry on the same business at the same place. Such a change shall be reported to the tax collector in accordance with Section 19 of this ordinance. Otherwise, each license issued under this ordinance is a personal privilege and is not assignable.

7.601.18 Changes in the Business Conducted by Licensee During the Tax Year. A licensee or an assignee shall report a change in the information contained in the license application to the tax collector within ten days after the change occurs. If information shown on the license itself is affected, the licensee or assignee shall surrender the license to the tax collector when reporting the change.

(a) Changes affecting the amount of tax due. If there are no reasons for revoking the license under Section 12 of this ordinance and the change results in the imposition of a separate or additional tax, the tax collector shall reissue a license reflecting the change upon payment of the separate or additional tax.

(b) Changes not affecting the amount of tax due. If there are no reasons for revoking the license under Section 12 of this ordinance and the change does not result in an imposition of a separate or additional tax, the tax collector shall reissue a license reflecting the change upon a payment of a fee of \$5.00.

(c) Change requiring refusal of a license. If there is a reason for revoking the license under Section 12 of this ordinance, the tax collector shall refuse to reissue a license and shall instead begin proceedings to revoke the license in accordance with Section 16 of this ordinance.

7.601.19 Tax Collector to Furnish Duplicates. Upon satisfactory proof that a license has been lost or destroyed, the tax collector shall furnish a duplicate for a fee of \$5.00.

7.601.20 Record of Conferences. The tax collector shall maintain for three years a record of each conference held in accordance with this article. The records shall contain the applicant's or licensee's name, the date of the conference, and a brief statement of the issues discussed and the result reached. After three years, the tax collector shall dispose of the records in accordance with G.S. 121-5.

7.601.21 Providing Notice to an Applicant or Licensee. Whenever this ordinance requires the tax collector to give a written statement or notice to an applicant or a licensee, the tax collector may do so in one of three ways:

- (a) By personally delivering the statement or notice to the applicant or licensee;
- (b) By mailing the statement or notice by registered or certified mail and returning the receipt requested to the address specified for that purpose in the license application; or

7.601.23 Tax Collector to Investigate. If the tax collector has reason to believe that a person is conducting a business in the city in violation of this ordinance, the tax collector shall conduct an investigation to determine the person's tax liability.

7.601.24 Duty to Keep Books. Each person who conducts a business taxed under this ordinance shall keep all records and books necessary to compute the tax liability. Section 22 of this ordinance. The notice of deficiency shall specify the total amount of tax due; the Section of this ordinance upon which the tax is based; the amount of tax paid; any interest due; the balance owed; the notice of the deficiency; and the consequences of failing to respond as specified.

7.601.28 Request for a Conference. The person may, within ten days after the day on which the notice is served, request a conference in writing. The request shall specify the person's objections to the notice of deficiency. By way of illustration but not limitation, a person who receives notice of deficiency may object on the following grounds:

- (a) That the tax due has already been paid;
- (b) That the tax collector miscalculated the amount of tax due;
- (c) That the tax collector based on his calculation on incorrect or insufficient information concerning either the nature of the amount of business conducted; or
- (d) That the tax collector based the determination on an erroneous interpretation of a Section of this ordinance that established a category of business subject to a particular tax.

7.601.29 Deficiency to Become Final. If the taxpayer fails to request a conference under Section 29 of this ordinance, the deficiency becomes final and the tax collector shall proceed to collect the deficiency.

8.109 ORDINANCE TO REGULATE AND CONTROL PUBLIC DANCE HALLS

The Governing Body of the Town of Youngsville do ordain as follows:

Section 1. Authority. This ordinance is enacted under the authority which is vested in the Town of Youngsville by its Charter and Section 160-200 (33) of the North Carolina General Statutes.

Section 2. Definition. For the purpose of this ordinance a public dance hall is defined as any place where dances open to the general public are held, whether or not a charge for admission is made. This definition shall be deemed to include any premises rented or let for the purpose or purposes of operating a public dance hall or of conducting a public dance. This definition shall not be interpreted as to include a dance which is held in a private home, and which is not open to the general public. In addition, this definition shall not apply to a public street dance for which a special permit is required from the (Governing Body).

Section 3. Permit Required. No person shall operate a public dance hall, or rent or let a building or part thereof for the operation of a public dance hall or the conducting of a public dance, or conduct a dance which is open to the general public unless and until a permit therefor has been granted by the (Governing Body). Any person desiring to operate a public dance hall, or to rent or let a building or part thereof for the operation of a public dance hall or the conducting

of a public dance, or to conduct a dance open to the general public shall make application to the (Governing Body), stating the name and address of the owner of such dance hall and the name and address of the person conducting such dance if someone other than the owner, and shall provide such additional information as the (Governing Body) may require. It is intended that the provisions of this ordinance apply to any person renting or letting a building or part thereof for public dancing purposes, as well as to any person operating a public dance hall or conducting a public dance.

a. The (Governing Body), prior to issuing such permit, shall require the premises where public dancing is to be permitted to be inspected by (1) the Fire Chief for compliance with all state and local fire laws, (2) the Building Inspector for compliance with the State Building Code Regulations, and (3) the appropriate county health office regarding the availability and condition of rest rooms within the structure where a public dance will be held.

b. Upon the recommendation of the Chief of Police, the (Governing Body) may require the applicant for such permit to furnish adequate police protection by the payment of such fees as may be necessary to hire such extra policemen as the Chief may deem necessary to hire such extra policeman as the Chief may deem necessary to supervise such dance. In the event of a person renting or letting a building for public dancing purposes, the Board may require such person to provide the extra policemen, in lieu of requiring the person who is to conduct the dance or dances to do so.

c. No permit for the operation of a public dance hall or the holding of a public dance shall be approved until the (Governing Body) has received a report and recommendations as required in a. and b. above.

d. The owner or operator of a public dance hall or any person renting or letting a building or part thereof for public dancing purposes, or holding out a building or part thereof for such purposes, on the effective date of this ordinance shall within five (5) days after receipt of written notice, apply for a public dance hall permit as required herein. Pending approval of such permit, said dance hall may continue to be operated. Upon approval and issuance of a permit, such dance hall or public dance shall be operated and conducted in accordance with such permit. If the application for a permit to operate a public dance hall which was in existence on the effective date of this ordinance is not approved and a permit is denied, said public dance hall shall, within forty eight hours from the date of receipt of a written notice, be closed to the public and no additional dances held therein unless and until a permit as required by this ordinance is issued by the (Governing Body). In the event of a person holding out a building or part thereof for renting or letting for public dance hall purposes, his permit may specify that a separate permit must be secured for each occasion on which the premises are to be used for public dancing purposes.

Section 4. Compliance with State and County Laws. No dance hall and public dance shall be operated or conducted within the corporate limits in violation of any laws, rules and regulations of the State of North Carolina or Franklin County. This requirement shall include rules and regulations promulgated by any agency of the State of North Carolina or any agency of the County of Franklin.

Section 5. Booths and Lighting. Booths for patrons when installed shall be so designed and arranged and the lighting in such dance hall shall be installed and operated at all times in a manner that the conduct of patrons can be readily observed by police officers upon entering such dance hall.

Section 6. Dance Music. Music machines, orchestras or any other device producing music for dancing shall not be played in such manner or at such times during the day or night so as to cause a public nuisance. All dance halls shall comply with all other ordinances of the Town of Youngsville regarding the hours and days during which the loud playing of music is prohibited.

Section 7. Indecent Conduct. It shall be unlawful for any person operating a dance hall, or renting or letting a building for public dancing purposes, or conducting a public dance, to suffer or permit therein any lewd, indecent, improper, or immoral dance, posture or performance.

Section 8. Disorderly Conduct. It shall be unlawful for any person to engage in fighting or loud and boisterous cursing or swearing or to disturb the peace of others by violent, tumultuous, offensive or obstreperous conduct or by using unseemly, obscene or offensive language, or by other disorderly conduct calculated to provoke a breach of the peace, in any dance hall or any premises used for public dancing purposes within the Town of Youngsville, and it shall be unlawful for any person operating a public dance hall, or renting or letting a building or part thereof for public dancing purposes, or conducting a public dance, to permit therein any act prohibited by this section.

Section 10. Revocation of Permit. Any person operating a dance hall in violation of this ordinance shall be subject to having the permit for such dance hall revoked by the (Governing Body). Such permit may be revoked by the (Governing Body) after the owner or operator has been notified by the Chief of Police that the dance hall has been improperly operated and after the owner or operator has had the opportunity to be heard concerning the revocation of the permit.

Section 11. Penalty. Any person found guilty of violating this ordinance shall be guilty of a misdemeanor and shall be fined not exceeding fifty dollars (\$50.00) or imprisonment not exceeding thirty (30) days.

Section 12. Effective Date. This ordinance shall be in full force and effect from and after the 7th day of April, 1969.

8.206 DEFINITIONS. For the purpose of this article, the following words and phrases are defined below unless it shall be apparent from the context that a different meaning is intended:

A. Amplified entertainment shall mean any type of music or other entertainment delivered through and by an electronic system. Televisions operating with no amplification other than their internal speakers and background music systems operated at a low amplification and not intended for entertainment shall not be deemed amplified entertainment.

B. Emergency work shall mean any work performed for the purpose of preventing or alleviating physical trauma or property damage threatened or caused by an existing or imminent peril.

C. Motor vehicle or vehicle, as used herein, shall mean any vehicle propelled on land by a motor, such as, but not limited to, passenger cars, trucks, truck-trailers, semi-trailers, campers, go-carts, automobiles, motorcycles or buses. It shall exclude trains and emergency response vehicles such as police, fire and rescue vehicles.

F. Unnecessary noise shall mean any excessive or unusually loud sound or any sound which disturbs the peace and quiet of any neighborhood or which does annoy, disturb, injure or endanger the comfort, repose, health, peace or safety of any person or causes damage to property or business.

Technical terms:

G. A-weighted sound level: The sound pressure level in decibels as measured on a sound level meter using the A-weighting network. The level so read is designated dB(A).

H. Decibel (dB): A unit for describing the amplitude of sound, equal to 20 times the logarithm to the base 10 of the ratio of the pressure of the sound measured to the reference pressure, which is 20 micro-newtons per square meter.

I. Sound: An oscillation in pressure, particle displacement, particle velocity or other physical parameter, in a medium with internal forces that causes compression, and rarefaction of that medium. The description of sound may include any characteristic of such sound, including duration, intensity and frequency.

J. Sound pressure level: 20 times the logarithms to the base 10 of the ratio of the root mean squared (RMS) sound pressure to the reference pressure of 20 micro-newtons per square meter.

K. Sound-level meter: An instrument which includes a microphone, amplifier, RSM detector, integrator or time average, output meter and weighting network used to measure sound pressure levels.

L. Sound level: The weighted sound pressure level obtained by the use of a sound level meter and frequency weighting network, such as A, B, or C as specified in American National Standards Institute Specifications for sound level meters (ANSI S1.41971 or the latest approved version thereof). If the frequency weighting employed is not indicated, the A-weighting shall apply.

M. Sound source: Any person, animal, device, operation, process, activity, or phenomenon which emits or causes sound.

N. Slow response: A measuring technique to obtain an average value when measuring a noise level that fluctuates over a range of four dB or more. By way of illustration only, a sound level meter set on "slow response" would record a sound level between two and six decibels less than the reading for a steadying signal of the same frequency and amplitude when a tone of 1,000 Hz and for duration of 0.5 seconds is applied.

O. Amplified sound: Any sound using amplifying equipment, whose source is outside or whose source is inside and the sound propagates to the outside or to other dwellings or interior locations under separate ownership or occupancy.

P. Noise: As used herein, unreasonably loud, disturbing sound levels taking into consideration the volume, duration, frequency and other characteristics of the sound.

8.207 NOISE MEASUREMENT.

A. for the purpose of determining db(A)'s as referred to in this article, sound levels shall be measured on the A-weighting scale on a sound level meter of standard design and quality having characteristics established by the American National Standards Institute (ANSI) or its successor body.

B. Measurement techniques.

(1) Noise measurements shall be made at the property line of the property where the noise to be measured is being generated. If measurement on private property is not possible or practical, noise measurements may be made at the boundary of the public right-of-way which adjoins the complaining property. Such noise measurements shall be made at a height of at least four feet above the ground and at a point approximately ten feet away from walls, barriers, obstructions (trees, bushes, etc.) on a sound level meter operated on the "A" weighed sound level scale. In the case of noises within multi-family or multi-tenanted structures, noise measurements shall be made in the complaining unit at a height of at least four feet above the floor and at a point approximately equidistant from all walls on a sound level meter operated on the "A" weighed sound level scale.

(2) No individual other than the operators shall be within ten feet of the sound level meter during the sample period.

(3) Sound measurements shall be conducted at that time of day or night when the suspect noise source is emitting sound.

(4) The sound level measurement shall be determined as follows:

a. Calibrate the sound level meter within one hour before use.

b. Set the sound level meter on the "A" weighed sound level scale at slow response.

c. Set the omnidirectional microphone in an approximately seventy-degree position in a location which complies with subsections (B)(1) and (2) above. The operator of the sound level meter shall face the noise source and record the meter's instantaneous response (reading) observed at consecutive ten-second intervals until 100 readings are obtained.

d. Recalibrate the sound level meter after use.

(5) It shall be unlawful for any person to interfere, through the use of sound or otherwise, with the taking of sound level measurements.

8.208 PARTICULAR SOUNDS PROHIBITED. The following acts and activities, among others, are hereby declared to be unreasonably loud and disturbing sound levels in violation of this ordinance. This enumeration shall not be construed to be an exclusive list of activities or acts which violate this chapter.

A. The sounding of a railroad locomotive whistle or horn for the period of time exceeding that which is required by law beyond that which is reasonably necessary to warn or alert others at road crossings at grade level of some real or potential danger.

B. The use of any gong, bell or siren upon any motor vehicle. Except for items listed in as exceptions below.

C. The keeping of any animal or bird which makes frequent or long continued sounds, such that a reasonably prudent person would recognize as likely to unreasonably disturb the comfort or repose of persons in the vicinity.

D. The blowing of any steam whistle attached to any stationary boiler except to give notice of the time to begin or stop work or as a warning of danger.

E. The discharge into the open air of the exhaust of any steam engine, stationary internal combustion engine, motor vehicle or motor boat engine, except through a muffler or other device which effectively prevents unreasonably loud and disturbing or explosive sounds there from.

F. The use of any mechanical device operated by compressed air unless the sounds created are effectively muffled and reduced or operated as part of a commercial activity between 7:00 Am and 7:00 PM.

G. The sounding of any chime, bell or gong attached to any building or premises which disturb the quiet or repose of any person in the vicinity thereof.

H. The shouting and crying of peddlers, barkers, hawkers and vendors which disturbs the quiet and peace of a residential neighborhood.

I. The firing or discharging of any kind of gun and the firing, discharge or ignition of squibs, firecrackers, gunpowder or other pyrotechnics, except with a permit as set forth in this, which shall be subject to the approval of the chief of police, provided that squibs, firecrackers and other pyrotechnics may only be fired, discharged or ignited at public events.

9.306.11 Procedure for Enforcement

1. Preliminary Investigation; Notice; Hearing. Whenever a petition is filed with the Inspector by a Public Authority or by at least five residents of the Town charging that any abandoned structure is unsafe, or whenever it appears, to the Inspector, upon inspection, that any abandoned structure is unsafe, he shall, if his preliminary investigation discloses a basis for such charges, issue and cause to be served upon the owner of and parties in interest of such structure a complaint stating the charges and containing a notice that a hearing will be held before the Inspector at a place therein fixed, not less than ten nor more than thirty days after the serving of the complaint. The owner of any party in interest shall have the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint. Notice of such hearing shall also be given, where applicable, to at least one of the persons signing a petition relating to such structure. Any person desiring to do so may attend such hearing and give relevant evidence. The rules of evidence as followed in courts of law or equity shall not be controlled in hearings before the Inspector.

2. Procedure after Hearing. After such notice and hearing, the Inspector shall state in writing his determination as to whether the abandoned structure is unsafe, and if so, whether it is deteriorated or dilapidated.

If the Inspector determines that the abandoned structure is deteriorated, he shall state in writing his findings of fact in support of such determination, and shall issue and cause to be served upon the owner thereof an order directing and requiring the owner to repair, alter, or improve such abandoned structure to comply with the minimum standards of fitness established by the ordinance within a specified period of time, not to exceed 90 days.

3. Failure to Comply with Order.

a. In Personam Remedy: If the owner of any deteriorated abandoned structure shall fail to comply with an order of the Inspector within the time specified, or if the owner of a dilapidated abandoned structure shall fail to comply with an order of the Inspector within the time specified, the Inspector shall submit to the Board at its next regular meeting a resolution directing the Town Attorney to petition the superior court for an order directing such owner to comply with the order of the Inspector, as authorized by N.C.G.S. 160A-446(g).

b. In Rem Remedy: After failure of an owner of a deteriorated or dilapidated structure to comply with an order of the Inspector within the time specified, if injunctive relief has not been sought or has not been granted as provided in the preceding paragraph, the Inspector to cause such structure to be repair, altered, improved, vacated, closed, removed or demolished as provided in the original order of the Inspector, and pending removal or demolition, to place a placard on such structure as provided by N.C.G.S. 160A-443 and Section 13 of the ordinance.

When an appeal is from a decision of the Inspector refusing to allow the person aggrieved thereby to do any act, his decision shall remain in force until modified or reversed. When an appeal is from a decision of the Inspector requiring the person aggrieved to do any act, the appeal shall have the effect of suspending the requirement until the hearing by the Board, unless the Inspector certifies to the Board, after the notice of appeal is filed with him, that by reason of the facts stated in their certificate (a copy of which shall be furnished to the appellant), a suspension of his requirement would cause imminent peril to life or property, in which case the requirement shall not be suspended except for due cause shown upon not less than one day's written notice to the Inspector, by the Board, or by a court of record upon petition made pursuant to N.C.G.S. 160A-446(f) and subsection (5) of this Section.

The Board shall fix a reasonable time for the hearing of all appeals, shall give due notice to all the parties, and shall render its decision within a reasonable time. Any party may appear in person or by agent or by attorney. The Board may reverse or affirm, wholly or partly, or may modify the decision or order appealed from, and may make such decision and order as in its opinion ought to be made in the matter, and to that end it shall have all the powers of the Inspector, but the concurring vote of four members of the Board shall be necessary to reverse or modify any decision or order of any case where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of this ordinance, to adapt the application of the ordinance to the necessities of the case such that the spirit of the ordinance shall be observed, public safety and welfare secured, and substantial justice done.

Every decision of the Board shall be subject to review by proceedings in the nature of certiorari instituted within 15 days of the decision of the Board, but not otherwise.

5. Petition to Superior Court by Owner. Any person aggrieved by an order issued by the Inspector or a decision rendered by the Board shall have the right, within 30 days after issuance of the order or rendering of the decision, to petition the superior court for a temporary injunction restraining the Inspector pending a final disposition of the cause, as provided by N.C.G.S. 160A-446(f).

Where service is made by publication, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected by the complaint or order.

Such lien shall be filed, having priority, and be collected in the same manner as the lien for special assessments established by Article 10, Chapter 160A of the North Carolina General Statutes.

9.306.15 Alternative Remedies. Neither this ordinance nor any of its provisions shall be construed to impair or limit in any way the power of the Town to define and declare nuisances and to cause their abatement by summary action or otherwise, or to enforce this ordinance by criminal process as authorized by N.C.G.S. 14-4 and Section 17 of this ordinance, and the enforcement of any remedy provided herein shall not prevent the enforcement of any other remedy or remedies provided herein or in other ordinances or laws.

If the Zoning Board of Adjustment consists of more than 5 members, the chairman shall designate five members to hear appeals under this ordinance.

9.306.17 Conflict with Other Provisions. In the event any provision, standard, or requirement of this ordinance is found to be in conflict with any provision of any other ordinance or code of the Town, the provision which established the higher standard or more stringent requirement for the promotion and protection of the health and safety of the residents of the Town shall prevail.

1. It shall be unlawful for the owner of any structure to fail, neglect or refuse, to repair, alter, or improve the same, or to vacate and close and remove or demolish the same, upon order of the Inspector duly made and served as herein provided, within the time specified in such order. 3. The violation of any provision of this ordinance shall constitute a misdemeanor, as provided by N.C.G.S. 14-4.

4. In addition to the penalty established by subsection (3) above, and the remedies provided by other provisions of this ordinance, this ordinance may be enforced by an appropriate equitable remedy issued by a court of competent jurisdiction.

9.306.19 Severability. If any provision of this ordinance is for any reason held to be invalid or unconstitutional by any court of competent jurisdiction, such provision shall be deemed a separate, independent provision and such holding shall not affect the validity of any other provision hereof, and to that end, the provisions of this ordinance are hereby declared to be severable.

MINIMUM HOUSING STANDARDS ORDINANCE

AN ORDINANCE ESTABLISHING MINIMUM HOUSING STANDARDS

9.401 Finding; Purpose; Authority

Pursuant to G.S. 160A-441, of the General Statutes of North Carolina, it is hereby found and declared that there exist in the Town dwellings which are unfit for human habitation due to dilapidation; defects increasing the hazards of fire, accidents and other calamities; lack of ventilation, light and sanitary facilities; and due to other conditions rendering such dwellings

unsafe or unsanitary, and dangerous and detrimental to the health, safety and morals, and otherwise inimical to the welfare of the residents of the Town.

In order to protect the health, safety and welfare of the residents of the Town, as authorized by Part 6 of Article 19, Chapter 160A of the General Statutes of North Carolina, it is the purpose of this Chapter to establish minimum standards of fitness for the initial and continued occupancy of all buildings used for human habitation, as expressly authorized by Section 160A-444 of the General Statutes of North Carolina.

In addition, it is hereby found and declared, under the authority of North Carolina General Statutes 160A-174, that there exist in the Town dwellings which, although not meeting the classification as unfit for human habitation, fail to fully comply with all the minimum standards for housing fitness as established herein and therefore have present one or more conditions which are inimical to the public health, safety and general welfare. Such conditions, if not corrected can lead to deterioration and dilapidation of dwellings which render them unfit for human habitation.

9.402 Scope

- (a) This chapter is hereby declared to be remedial and shall be construed to secure the beneficial interests and purposes thereof which are public safety, health and general welfare through structural strength, stability, sanitation, adequate light and ventilation and safety to life and property from fire and other hazards incident to the construction, alteration, repair, removal, demolition, use and occupancy of dwellings, apartment houses, rooming houses or buildings, structures or premises used or intended for use as such.
- (b) The provisions of this Chapter shall apply to all existing housing and to all housing hereafter constructed within the Town's Incorporated and Extraterritorial Jurisdictions. Portable, mobile or demountable buildings or structures, including trailers, manufactured homes and mobile homes when used or intended for use for housing within the jurisdiction, shall be subject to the applicable provisions of this Chapter. This Chapter establishes minimum requirements for the initial and continued occupancy of all buildings used for human habitation and does not replace or modify requirements otherwise established for the construction, repair, alteration or use of buildings, equipment or facilities except as proved in this Chapter.
- (c) The provisions of this Chapter shall also apply to abandoned structures which are found by the Board of Commissioners to be a health or safety hazard as a result of the attraction of the insects or rodents, conditions creating a fire hazard, dangerous conditions constituting a threat to children or frequent use by vagrants as living quarters in the absence of sanitary conditions.

9.406 Preliminary Investigations; Notices; Hearings

Whenever a petition is filed with the Housing Inspector by a public authority or by at least five (5) residents of the Town charging that any dwelling is unfit for human habitation or whenever it appears to the Housing Inspector (on his own motion) that any dwelling is unfit for human habitation, the Housing Inspector shall, if his preliminary investigation discloses a basis for such charges, issue and cause to be served upon the owner and parties in interest in such dwellings a complaint stating the charges in that respect and containing a notice that a hearing will be held before the Housing Inspector (or his designated agent) at a place within the Town therein fixed not less than 10 days nor more than 30 days after the serving of the complaint; that the owner and parties in interest shall be given the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint; and that the rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the Housing Inspector.

- (i) Lack of proper electrical, heating or plumbing facilities required by this Chapter which constitutes a definite health or safety hazard
- (j) Lack of connection to a potable water supply and/or to the public sewer or other approved sewage disposal system, the lack of either one of which renders a dwelling unfit for human habitation. For the purposes of this standard, a dwelling is not connected to a potable water supply if the water supply has been “cut off” because of nonpayment of the water bill or otherwise or if the system for any reason is not receiving a flow of potable water to the tap.

In addition to the ten (10) conditions stated above, any one of which renders a dwelling unfit for human habitation, the Housing Inspector shall determine that a dwelling is unfit for human habitation if he finds that a dwelling fails to fully comply with seven (7) or more of the following enumerated stands of dwelling fitness:

Section 9.408 Dwellings Not in Compliance But Not Unfit for Human Habitation

In any case where the Housing Inspector determines that a dwelling fails to fully comply with one or more but less than seven (7) of the above enumerated standards of dwelling fitness, such dwelling shall not be found to be unfit for human habitation and shall not be subject to the procedures and remedies as provided for in this Chapter for dwellings unfit for human habitation. Each such failure or noncompliance, however, shall constitute a violation of the terms of this Chapter and shall subject the violator to the penalties and enforcement procedures of Section 12.101, General Penalties; Enforcement of Ordinances; Continuing Violations. In making the determination as described in this Section, the Housing Inspector shall not be required to make notice and hold the hearing as called for in Section 9.406, but the Housing Inspector may do so if the determination of the severity and classification of dwelling fitness is not clear to the Housing Inspector upon preliminary investigation.

Section 9.409 Procedure after Hearing; Order

If, after notice and hearing, the Housing Inspector determines that the dwelling under consideration is unfit for human habitation in accordance with the standards set forth above, he shall state in writing his findings of fact in support of that determination and shall issue and cause to be served upon the owner thereof an order:

(a) If the repair, alteration or improvement of the dwelling can be made at a cost of less than fifty (50) percent of the value of the dwelling, requiring the owner, within the time specified in the order, to repair, alter or improve the dwelling in order to render it fit for human habitation or to vacate and close the dwelling as a human habitation, based upon the Housing Inspector's standards for closing dwellings;

OR

(b) If the repair, alteration or improvement of the dwelling cannot be made at a cost of less than fifty (50) percent of the value of the dwelling, requiring the owner, within the time specified in the order, to repair, alter or improve the dwelling in order to render it fit for human habitation or to remove or demolish such dwelling.

If, after notice and hearing the Housing Inspector determines that the dwelling under consideration is not unfit for human habitation but is not in full compliance with one or more standards of dwelling fitness as set forth above, he may proceed with the enforcement procedures of Chapter 12, Section 12.101, General Penalties; Enforcement of Ordinances; Continuing Violations.

Whenever a determination is made pursuant to Subsections (a) or (b) of this Section that a dwelling must be vacated and closed, or removed or demolished, under the provisions of this Chapter, notice of the order shall be given by first-class mail to any organization involved in providing or restoring dwellings for affordable housing that has filed a written request for such notices. A minimum period of forty-five (45) days from the mailing of such notice shall be given before removal or demolition by action of the Inspector, to allow the opportunity for any organization to negotiate with the owner to make repairs, lease, or purchase the property for the purpose of providing affordable housing. The Inspector shall certify the mailing of the notices,

and the certifications shall be conclusive in the absence of fraud. Only an organization that has filed a written request for such notices may raise the issue of failure to mail such notices, and the sole remedy shall be an order requiring the Inspector to wait forty-five (45) days before causing removal or demolition.

Section 9.410 Failure to Comply with Order

- (a) If the owner fails to comply with an order to repair, alter or improve or to vacate and close the dwelling, the Housing Inspector may:
 - (1) Cause the dwelling to be repaired, altered or improved or to be vacated and closed.
 - (2) Cause to be posted on the main entrance of any such dwelling, a placard with the following words: "This building is unfit for human habitation; the use or occupation of this building for human habitation is prohibited and unlawful." Occupation of a building so posted shall constitute a violation of this Chapter.
- (b) If the owner fails to comply with an order to repair, alter or improve or to remove or demolish the dwelling, the Housing Inspector may:
 - (1) Cause such dwelling to be vacated and removed or demolished.
 - (2) Cause to be posted on the main entrance of any such dwelling, a placard with the following words: "This building is unfit for human habitation; the use or occupation of this building for human habitation is prohibited and unlawful." Occupation of a building so posted shall constitute a violation of this Chapter.
- (c) The duties of the Housing Inspector set forth in Subsections (a) and (b) shall not be exercised until the Board of Commissioners shall have by Ordinance ordered the Housing Inspector to proceed to effectuate the purpose of this Chapter with respect to the particular property or properties which the Housing Inspector shall have found to be unfit for human habitation and which property or properties shall be described in the Ordinance. No such Ordinance shall be adopted to require demolition of a dwelling until the owner has first been given a reasonable opportunity to bring it into conformity with the Housing Standards. For the purposes of this subsection, a period of ninety (90) days following the date of the Housing Inspector's order shall constitute a reasonable opportunity. The Ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index.
- (d) The amount of the cost of repairs, alterations or improvements, or vacating and closing, or removal or demolition by the Housing Inspector shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in Article 10 of Chapter 160A of the General Statutes of North Carolina. If the dwelling is removed or demolished by the Housing Inspector, he shall sell the materials of the dwelling, and any personal property, fixture or appurtenances found in or attached to the dwelling, and shall credit the proceeds of the sale against the cost of the removal or demolition and any

balance remaining shall be deposited in the Superior Court by the Housing Inspector, shall be secured in a manner directed by the Court, and shall be disbursed by the Court to the persons found to be entitled thereto by final order of the decree of the Court.

- (e) If any occupant fails to comply with an order to vacate a dwelling, the Housing Inspector may file a civil action in the name of the Town to remove such occupant. The action to vacate the dwelling shall be in the nature of summary ejectment and shall be commenced by filing a complaint naming as parties-defendant any persons occupying such dwelling. The Clerk of Superior Court shall issue a summons requiring the defendant to appear before a magistrate at a certain time, date and place not to exceed 10 days from the issuance of the summons to answer the complaint. The summons and complaint shall be served as provided in G.S. 42-29. The summons shall be returned according to its tenor, and if on its return it appears to have been duly served, and if at the hearing the Housing Inspector produces the certified copy of an Ordinance adopted by the Board of Commissioners pursuant to Subsection (c) authorizing the Housing Inspector to proceed to vacate the occupied dwelling, the magistrate shall enter judgment ordering that the premises be vacated and that all persons be removed. The judgment ordering that the dwelling be vacated shall be enforced in the same manner as the judgment for summary ejectment entered under G.S. 42-30. An appeal from any judgment entered hereunder by the magistrate may be taken as provided in G.S. 7A-228, and the execution of such judgment may be stayed as provided in G.S. 7A-227. An action to remove an occupant of a dwelling who is a tenant of the owner may not be in the nature of a summary ejectment proceeding pursuant to this paragraph unless such occupant was served with notice at least 30 days before the filing of the summary ejectment proceeding that the Board of Commissioners has ordered the Housing Inspector to proceed to exercise his duties under Subsections (a), (b) and (c) of this Section to vacate and close or remove and demolish the dwelling.

Section 9.411 Service of Complaints and Orders

Complaints or Orders issued by the Housing Inspector shall be served upon persons either personally or by registered or certified mail. When service is made by registered or certified mail, a copy of the complaint or order may also be sent by regular mail. Service shall be deemed sufficient if the registered or certified mail is unclaimed or refused, but the regular mail is not returned by the post office within ten (10) days after the mailing. If regular mail is used, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected.

If the identities of any owners or the whereabouts of persons are unknown and cannot be ascertained by the inspector in the exercise of reasonable diligence, or, if the owners are known but have refused to accept service by registered or certified mail, and the inspector makes an affidavit to that effect, then the serving of the complaint or order upon the owners or other persons may be made by publication in a newspaper having general circulation in the town at least not later than the time at which personal service would be required under the provisions of this Chapter. When service is made by publication, a notice of the pending proceedings shall be posted in a conspicuous place on the premises thereby affected.

Section 9.412 Appeals.

- (a) The Board of Commissioners is hereby appointed as the Housing Appeals Board to which appeals from any decision or order of the Housing Inspector may be taken. Except where this Chapter provides for different rules or procedures, the Board of Commissioners acting as the Housing Appeals Board shall follow its rules of procedure, which may be amended to provide specifically for this function.
- (b) An appeal from any decision or order of the Housing Inspector may be taken by any person aggrieved thereby or by any officer, board or commission of the Town. Any appeal from the Housing Inspector shall be taken within ten days from the rendering of the decision or service of the order by filing with the Housing Inspector and with the Town Clerk, a notice of appeal which shall specify the grounds upon which the appeal is based. Upon the filing of any notice of appeal, the Housing Inspector shall forthwith transmit to the Board all the papers constituting the record upon which the decision appealed from was made. When an appeal is from a decision of the Housing Inspector refusing to allow the person aggrieved thereby to do any such act, his decision shall remain in force until modified or reversed. When any appeal is from a decision of the Housing Inspector requiring the person aggrieved to do any act, the appeal shall have the effect of suspending the requirement until the hearing by the Board, unless the Housing Inspector certifies to the Board after the notice of appeal is filed with him, that because of facts stated in the certificate (a copy of which shall be furnished the appellant), a suspension of his requirement would cause imminent peril to life or property. In that case the requirement shall not be suspended except by a restraining order, which may be granted for due cause shown upon not less than one day's written notice to the Housing Inspector, by the Board, or by a court of record upon petition made pursuant to Subsection (e) of this Section.
- (c) The Housing Appeals Board shall fix a reasonable time for hearing appeals, shall give due notice to the parties, and shall render its decision within a reasonable time. Any party may appear in person or by agent or attorney. The Board may reverse or affirm, wholly or partly, or may modify the decision or order appealed from, and may make any decision and order that in its opinion ought to be made in the matter, and to that end it shall have all the powers of the Housing Inspector, but the concurring vote of four-fifths of the members of the Board shall be necessary to reverse or modify any decision or order of the Housing Inspector. The Board shall have power also in passing upon appeals, when practical difficulties or unnecessary hardships would result from carrying out the strict letter of the Chapter, to adapt the application of the Chapter to the necessities of the case to the end that the spirit of the Chapter shall be observed, public safety and welfare secured and substantial justice done.
- (d) Every decision of the Board shall be subject to review by proceedings in the nature of certiorari instituted within 15 days of the decision of the Board, but not otherwise.
- (e) Any person aggrieved by an order issued by the Housing Inspector or a decision rendered by the Board may petition the Superior Court for an injunction, restraining the Housing Inspector from carrying out the order or decision and the Court may, upon such petition, issue a temporary injunction restraining the Housing Inspector pending a final disposition of the cause. The petition shall be filed within 30 days after issuance of the order or rendering of the decision. Hearings shall be had by the Court on a petition within

20 days, and shall be given preference over other matters on the Court's calendar. The Court shall hear and determine the issues raised and shall enter such final order or decree as law and justice may require. It shall not be necessary to file bond in any amount before obtaining a temporary injunction under this Subsection.

Section 9.413 Alternative Remedies.

Nothing in this Chapter nor any of its provisions shall be construed to impair or limit in any way the power of the Town to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise nor shall enforcement of one remedy provided herein prevent the enforcement of any other remedy or remedies provided herein or in other Chapters or laws. In addition to the remedies provided for herein, any violation of the terms of this Chapter shall subject the violator to the penalties and remedies, as set forth in Chapter 12, Section 12.101, General Penalties; Enforcement of Ordinances; Continuing Violations, of the Code of Ordinances Town of Youngsville.

No dwelling shall be hereafter erected, altered, moved, or changed in occupancy without a Certificate of Compliance. In any case where the Housing Inspector, after notice and hearing as required herein, finds that a dwelling or dwelling unit is unfit for human habitation, he shall withhold issuance of a Certificate of Compliance for such dwelling or dwelling unit: until such time that he determines that it is fit for human habitation. In addition, in any case where the Housing Inspector, after preliminary investigation as provided for herein, concludes, based upon that investigation, that a dwelling or dwelling unit is unfit for human habitation and believes that the occupancy of such dwelling or dwelling unit could cause imminent peril to life or property from fire or other hazards, he shall withhold issuance of a Certificate of Compliance for such dwelling or dwelling unit until such time that he determines that it is fit for human habitation.

If any dwelling is erected, constructed, altered, repaired, converted, maintained, or used in violation of this Chapter or of any valid order or decision of the Housing Inspector or Board made pursuant to any Chapter or code adopted under authority of this Chapter, the Housing Inspector may institute any appropriate action or proceedings to prevent the unlawful erection, construction, reconstruction, alteration or occupancy, to restrain, correct or abate the violation, to prevent the occupancy of the dwellings, or to prevent any illegal act, conduct or use in or about the premises of the dwelling.

Section 9.414 Conflict with Other Provisions

In the event any provision, standard or requirement of this Chapter is found to be in conflict with any provision of any other Chapter or code of the Town, the provision which establishes the higher standard or more stringent requirement for the promotion and protection of the health and safety of the residents of the Town's jurisdiction shall prevail. The North Carolina Building Code, current edition, shall serve as the standard for all alterations, repairs, additions, removals, demolitions and other acts of building made or required pursuant to this Chapter.

Section 9.415 Violations

In addition to the conditions, acts or failures to act that constitute violations specified in this Chapter above, it shall be unlawful for the owner of any dwelling or dwelling unit to fail, neglect

or refuse to repair, alter or improve the same, or to vacate and close or vacate and remove or demolish the same, upon order of the Inspector duly made and served as herein provided, within the time specified in such order. It shall be unlawful for the owner of any dwelling, with respect to which an order has been issued pursuant to Section 9.409, to occupy or permit the occupancy of the same after the time prescribed in such order for its repair, alteration or improvement or its vacation and closing, or vacation and removal or demolition.

Section 9.416 Validity

If any section, subsection, sentence, clause, or phrase of this Chapter is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this Chapter. The Board of Commissioners hereby declares that it would have passed this Chapter and each section, subsection, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared invalid."

PART THREE. That all ordinances in conflict with the provisions of this Ordinance are hereby repealed to the extent of such conflict.

PART FOUR. That this Ordinance shall become effective upon its adoption by the Board of Commissioners of the Town of Youngsville, North Carolina.

Adopted this 13th day of March, 2014.

WHEREAS, said Order stated that if the owners failed to comply, the Inspector would obtain from the Board of Commissioners of the Town of Youngsville an Order directing the Inspector to cause such dwelling to be removed or demolished, with the cost of removal or demolition by the Inspector to be a lien against the real property, and

WHEREAS, this Order was properly served upon the parties in interest in these proceedings and,

Each such failure of non-compliance, however, shall constitute a violation of the terms of this Chapter and shall subject the violator to the penalties and enforcement procedures, civil or criminal or both, of Section 9.629. In such case the Inspector shall notify the owner as provided for in Section 9.619.

Section 9.616 Investigation

Whenever it appears to the Inspector that any nonresidential building or structure has not been properly maintained so that the safety or health of its occupants or members of the general public are jeopardized for failure of the property to meet the minimum standards established by the Board of Commissioners, the Inspector shall undertake a preliminary investigation. If entry upon the premises for purposes of investigation is necessary, such entry shall be made pursuant to a duly issued administrative search warrant in accordance with G.S. 15-27.2 or with permission of the owner, the owner's agent, a tenant, or other person legally in possession of the premises.

Section 9.618 Order to take corrective action; contents; issuance

If, after notice and hearing, the Inspector determines that the nonresidential building or structure has not been properly maintained so that the safety or health of its occupants or members of the general public is jeopardized for failure of the property to meet the minimum standards as established by the Board of Commissioners, the Inspector shall state in writing the findings of fact in support of that determination and shall issue and cause to be served upon the owner thereof an order. The order may require the owner to take remedial action, within a reasonable time specified, subject to the procedures and limitations herein.

- (A) An order may require the owner to repair, alter, or improve the nonresidential building or structure in order to bring it into compliance with the minimum standards established by the Board of Commissioners or to vacate and close the nonresidential building or structure for any use.

- (B) An order may require the owner to remove or demolish the nonresidential building or structure if the cost of repair, alteration, or improvement of the building or structure would exceed fifty percent (50%) of its then current value. Notwithstanding any other provision of law, if the nonresidential building or structure is designated as a local historic landmark, listed in the National Register of Historic Places, or located in a locally designated historic district or in a historic district listed in the National Register of Historic Places and the Board of Commissioners determines, after a public hearing as provided by ordinance, that the nonresidential building or structure is of individual significance or contributes to maintaining the character of the district, and the nonresidential building or structure has not been condemned as unsafe, the order may require that the nonresidential building or structure be vacated and closed until it is brought into compliance with the minimum standards established by this ordinance.
- (C) An order **may not** require repairs, alterations, or improvements to be made to vacant manufacturing facilities or vacant industrial warehouse facilities to preserve the original use. The order may require such building or structure to be vacated and closed, but repairs may be required only when necessary to maintain structural integrity or to abate a health or safety hazard that cannot be remedied by ordering the building or structure closed for any use.

Section 9.619 Service of Complaints and Orders of Inspector

Complaints or orders issued by the Inspector pursuant to this ordinance shall be served upon persons either personally or by registered or certified mail so long as the means used are reasonably designed to achieve actual notice. When service is made by registered or certified mail, a copy of the complaint or order may also be sent by regular mail. Service shall be deemed sufficient if the registered or certified mail is refused, but the regular mail is not returned by the post office within 10 days after the mailing. If regular mail is used, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected. If the identities of any owners or the whereabouts of persons are unknown and cannot be ascertained by the Inspector in the exercise of reasonable diligence, and the Inspector makes an affidavit to that effect, the serving of the complaint or order upon the owners or other persons may be made by publication in a newspaper having general circulation in the Town at least once no later than the time that personal service would be required under this section. When service is made by publication, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected.

Section 9.620 Appeal of Order of Inspector; finality if not appealed

Any owner who has received an order under Section 9.618 may appeal from the order to the Town Board of Commissioners, acting in the capacity of the Appeals Board, by giving notice of appeal in writing to the Inspector and to the Town Clerk within ten (10) days following issuance of the order. In the absence of an appeal to the Appeals Board within the prescribed time, the order of the Inspector shall be final. The Appeals Board shall hear appeals within a reasonable time after receipt of the notice of appeal and it may modify and affirm or revoke the order. Any person aggrieved by a decision or order of the Inspector shall have the remedies provided in G.S. 160A-446.

Section 9.621 Failure to comply with Order of Inspector

- (A) If the owner fails to comply with an order to repair, alter, or improve or to vacate and close the nonresidential building or structure, the Board of Commissioners may adopt an ordinance ordering the Inspector to proceed to effectuate the purpose of this section with respect to the

particular property or properties that the Inspector found to be jeopardizing the health or safety of its occupants or members of the general public. The property or properties shall be described in the ordinance. The ordinance shall be recorded in the Office of the Register of Deeds and shall be indexed in the name of the property owner or owners in the grantor index. Following adoption of an ordinance, the Inspector may cause the building or structure to be repaired, altered, or improved or to be vacated and closed. The Inspector may cause to be posted on the main entrance of any nonresidential building or structure so closed a placard with the following words: "This building is unfit for any use; the use or occupation of this building for any purpose is prohibited and unlawful." Any person who occupies or knowingly allows the occupancy of a building or structure so posted shall be guilty of a Class 3 misdemeanor.

- (B) If the owner fails to comply with an order to remove or demolish the nonresidential building or structure, the Board of Commissioners may adopt an ordinance ordering the Inspector to proceed to effectuate the purpose of this section with respect to the particular property or properties that the Inspector found to be jeopardizing the health or safety of its occupants or members of the general public. No ordinance shall be adopted to require demolition of a nonresidential building or structure until the owner has first been given a reasonable opportunity to bring it into conformity with the minimum standards established by the Board of Commissioners. The property or properties shall be described in the ordinance. The ordinance shall be recorded in the Office of the Register of Deeds and shall be indexed in the name of the property owner or owners in the grantor index. Following adoption of an ordinance, the Inspector may cause the building or structure to be removed or demolished.

Section 9.622 Remedies; lien for cost of demolition and removal.

- (A) The amount of the cost of repairs, alterations, or improvements, or vacating and closing, or removal or demolition by the Inspector shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in Article 10 of Chapter 160A of the General Statutes.
- (B) The amount of the costs is also a lien on any other real property of the owner located within the Town limits except for the owner's primary residence. The additional lien provided in this subdivision is inferior to all prior liens and shall be collected as a money judgment.
- (C) If the nonresidential building or structure is removed or demolished by the Inspector, he or she shall offer for sale the recoverable materials of the building or structure and any personal property, fixtures, or appurtenances found in or attached to the building or structure and shall credit the proceeds of the sale, if any, against the cost of the removal or demolition, and any balance remaining shall be deposited in the superior court by the Inspector, shall be secured in a manner directed by the court, and shall be disbursed by the court to the persons found to be entitled thereto by final order or decree of the court. Nothing in this section shall be construed to impair or limit in any way the power of the Board of Commissioners to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise.

Section 9.623 Failure of occupant to comply with order to vacate

If any occupant fails to comply with an order to vacate a nonresidential building or structure, the Inspector may file a civil action in the name of the Town to remove the occupant. The action to vacate shall be in the nature of summary ejectment and shall be commenced by filing a complaint naming as parties-defendant any person occupying the nonresidential building or structure. The clerk of superior court shall issue a summons requiring the defendant to appear before a magistrate at a certain time, date, and place not to exceed 10 days from the issuance of the summons to answer the complaint. The summons and complaint shall be served as provided in G.S. 42-29. The summons shall be returned according to its tenor, and if on its return it appears to have been duly served and if at the hearing the Inspector produces a certified copy of an ordinance adopted by the Board of Commissioners pursuant to Section 9.621 of this Chapter to vacate the occupied nonresidential building or structure, the magistrate shall enter judgment ordering that the premises be vacated and all persons be removed. The judgment ordering that the nonresidential building or structure be vacated shall be enforced in the same manner as the judgment for summary ejectment entered under G.S. 42-30. An appeal from any judgment entered under this subsection by the magistrate may be taken as provided in G.S. 7A-228, and the execution of the judgment may be stayed as provided in G.S. 7A-227. An action to remove an occupant of a nonresidential building or structure who is a tenant of the owner may not be in the nature of a summary ejectment proceeding pursuant to this subsection unless the occupant was served with notice, at least 30 days before the filing of the summary ejectment proceeding, that the governing body has ordered the Inspector to proceed to exercise his duties under Section 9.621 of this Chapter to vacate and close or remove and demolish the nonresidential building or structure.

Section 9.624 Action by Board of Commissioners upon Abandonment of Intent to Repair

- (A) If the Board of Commissioners has adopted an ordinance or the Inspector has issued an order requiring the building or structure to be repaired or vacated and closed and the building or structure has been vacated and closed for a period of **two years** pursuant to the ordinance or order, the Board of Commissioners may make findings that the owner has abandoned the intent and purpose to repair, alter, or improve the building or structure and that the continuation of the building or structure in its vacated and closed status would be inimical to the health, safety, and welfare of the municipality in that it would continue to deteriorate, would create a fire or safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, or would cause or contribute to blight and the deterioration of property values in the area. Upon such findings, the Board of Commissioners may, after the expiration of the **two year** period, enact an ordinance and serve such ordinance on the owner, setting forth the following:
- (1) If the cost to repair the nonresidential building or structure to bring it into compliance with the minimum standards is less than or equal to fifty percent (50%) of its then current value, the ordinance shall require that the owner either repair or demolish and remove the building or structure within 90 days; or
 - (2) If the cost to repair the nonresidential building or structure to bring it into compliance with the minimum standards exceeds fifty percent (50%) of its then

current value, the ordinance shall require the owner to demolish and remove the building or structure within 90 days.

- (B) In the case of vacant manufacturing facilities or vacant industrial warehouse facilities, the building or structure must have been vacated and closed pursuant to an order or ordinance for a period of five years before the Board of Commissioners may take action under this subsection. The ordinance shall be recorded in the office of the register of deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with the ordinance, the Inspector shall effectuate the purpose of the ordinance.

Section 9.625 Demolition of Non-Residential Buildings by Owner

Where a non-residential building or structure is under the jurisdiction of this Chapter, the building may be demolished by the owner provided that the following requirements are met:

- (1) The owner shall obtain a demolition permit from the Building Inspections Department.
- (2) All sewer, gas, water and similar taps or connections shall be properly closed and disconnected.
- (3) All debris from the building shall be removed from the site. This requirement is for the removal of all debris that is above the street level of the building.

Where building debris remains on the site below street level, the owner must back fill the lot with twelve (12) inches of clean fill which shall be graded to a smooth, even finished grade.
- (5) Where walls of adjacent buildings become exposed as a result of the demolition, said walls must have all doors, windows, vents or other similar openings closed with material of the type comprising the wall, unless such doors, windows, vents, or other similar openings are to be maintained in accordance with the provisions of this Chapter. No protrusions or loose material shall be in the wall. The exposed wall shall be painted, stuccoed or bricked and weatherproofed if necessary to prevent deterioration of the wall.

Section 9.626 Inspections

- (A) For the purpose of carrying out the intent of this Chapter, the Inspector is hereby authorized to enter, examine and survey at all reasonable times all non-residential buildings and premises, including abandoned structures. The owner or occupant of every non-residential building or the person in charge thereof shall give the Inspector free access to such building and its premises, at all reasonable times for the purposes of such inspection, examination and survey. Every occupant of a non-residential building shall give the owner thereof, or his agent or employee, access to any part of such building and its premises at all reasonable times for the purpose of making such repairs or alterations as are necessary to effect compliance with the provisions of this Chapter or with any lawful order issued pursuant to the provisions of this Chapter.

(B) The Inspector may make periodic inspections for unsafe, unsanitary or otherwise hazardous and unlawful conditions in non-residential structures within the jurisdiction. In addition, he may make inspections when he has reason to believe that such conditions may exist in a particular structure or premises.

Section 9.627 Defects in buildings to be corrected.

When the Inspector finds any defects in a non-residential building, or finds that a building has not been constructed in accordance with applicable State and Town laws, or that a building because of its condition is dangerous or contains fire hazardous conditions, it shall be his duty to notify the owner or occupant of the building of its defects, hazardous conditions or failure to comply with law. The owner or occupant shall each immediately remedy the defects, hazardous conditions or violations of law in the property he owns. Failure to do so shall constitute a violation of this Chapter. Each day any violation of this Chapter shall continue shall constitute a separate offense.

Section 9.628 Violations.

In addition to the conditions, acts or failure to act that constitute violations specified in this Chapter, it shall be unlawful for the owner of any building or structure to fail, neglect or refuse to repair, alter or improve the same, or to vacate and close or vacate and remove or demolish the same, upon order of the Inspector duly made and served as herein provided, within the time specified in such order. It shall be unlawful for the owner of any building, with respect to which an order has been issued pursuant to Section 9.618, to occupy or permit the occupancy of the same after the time prescribed in such order for its repair, alteration or improvement or its vacation and closing, or vacation and removal or demolition.

Section 9.629 Procedure Is Alternative

Neither this chapter nor any of its provisions shall be construed to impair or limit in any way the power of the town to define and declare nuisances and to cause their abatement by summary action or otherwise, or to enforce this chapter by criminal process, and the enforcement of any remedy provided herein shall not prevent the enforcement of any other remedy or remedies provided herein or in other ordinance or laws. In addition to the remedies provided for herein, any violation of the terms of this Chapter shall subject the violator to the penalties and remedies as set forth in Chapter 12, Section 12.101, General Penalties; Enforcement of Ordinances; Continuing Violations, of the Code of Ordinances Town of Youngsville.”

In connection therewith, information with respect to financial projections, including nature and sources of capital or equity financing, shall be submitted along with the application.

(4) A statement and description of the system, prepared by or approved by a licensed professional engineer in the electronics field, proposed to be constructed, installed, maintained or operated by the applicant; the manner in which applicant proposes to construct, install, maintain

and operate the same; and particularly the extent and manner in which existing or future poles or other facilities of other public utilities will be used for such system.

(5) A copy of any arrangement, agreement or contract, if existing, between the applicant and any public utility providing for the use of activities of such public utility, such as poles, lines, cables or conduits.

(6) A statement setting forth all agreements and understandings, whether written, oral or implied, existing between the applicant and any person, with respect to the ownership, control or transfer of the proposed franchise or the proposed CATV system and service. If a franchise is granted to a person posing as a front or as the representative of another person and such information is not disclosed in the original application, such franchise shall be deemed void and of no force and effect whatsoever.

(7) A statement or schedule of proposed rates and charges to subscribers for installation and services.

(8) Any additional information which the Town Board, at any time, may deem reasonably necessary to determine whether the requested franchise should be granted.

(c) Upon consideration of any such application, the Town Board shall determine the applicant's qualifications to construct, operate, and maintain a CATV system and to provide a CATV service in accordance with the provisions of this ordinance. If the Town Board determines that the applicant is not so qualified, it may refuse to grant the requested franchise. If the Town Board determines that the applicant is so qualified, it may, by ordinance, grant a franchise to such applicant, to be effective as herein provided. Provided, however, no provision of this ordinance may be deemed or construed as to require the granting of a franchise when the Town Board determined that to do so would not be in the public interest. Any franchise granted shall include the following condition:

"The CATV system and service herein franchised shall be used and operate solely and exclusively for the purpose expressly authorized by ordinance of the Town of Youngsville and no other purpose whatsoever."

10.105 Acceptance; Indemnification; Effective Date.

(a) Within twenty-five (25) days after the Town Board has taken final action to approve the granting of a franchise, the grantee shall file a written acceptance of the conditions required for the franchise, acknowledged before a notary public, with the Town Clerk. Such acceptance shall acknowledge that the grantee agrees to be bound by and to comply with the provisions of this ordinance and the franchise and shall be in such form and content as to be satisfactory to and approved by the Town Attorney.

(b) Concurrently with the filing of the written acceptance, the grantee shall file with the Town Clerk the bond and insurance policies required by this ordinance.

10.106 Duration of franchise; termination; transfer.

(a) The franchise shall be nonexclusive, shall be for a term as specified in the franchise not to exceed twenty (20) years.

(b) (1) Except as herein provided, no transfer or control of the CATV system shall take place, whether by forced or voluntary sale, lease, mortgage, assignment, encumbrance or any other form of disposition, without prior notice to and approval by the Town Board. The notice shall include full identifying particulars of the proposed transaction, and the Town Board shall either approve or disapprove said transfer by resolution, within sixty (60) days of the receipt of the notice.

(b) (2) The consent of approval of the Town Board to any assignment, lease, transfer, sub-lease, or mortgage of the grantee shall not constitute a waiver or release of the rights of the Town in and to the streets.

(b) (3) For the purpose of this section the term "control" is not limited to majority stock ownership, but includes actual working control in whatever manner exercised.

(b) (4) A rebuttal presumption that a transfer of control has occurred shall arise upon the acquisition or accumulation by any person or group of persons of 10 percent of the voting shares of any corporate grantee.

(b) (5) In the absence of extraordinary circumstances, the Town Board will not approve any transfer or assignment of the grantee before completion of initial construction of the energized cable.

(b) (6) Notwithstanding anything to the contrary herein, franchise may hypothecate or pledge its interest in this franchise for the purpose of obtaining financing, the proceeds of which shall be utilized in the construction maintenance and operation of a cable television system authorized under the terms of this ordinance. Any change in ownership or control of the system resulting from such pledge or hypothecation shall not become absolute without:

(1) the approval of the Town.

(2) any new grantee filing with the Town its written acceptance of this ordinance, the franchise and all the conditions thereto. Such acceptance shall be filed within sixty (60) days following the date of such change.

(c) The Town Board may terminate the franchise prior to the date of expiration upon a finding, made after thirty (30) days' notice of any proposed termination and public hearing, that:

(1) The grantee has failed to comply in some material respect with any of the provisions of this ordinance, or has, by any act or omission, violated in some material respect any term or condition of any franchise or permit issued hereunder; or

(2) The grantee has made a material, false statement in the application for the franchise, knowing it to be false; or

(3) The grantee, contrary to the best interest of public convenience and welfare, is not providing subscribers with regular, adequate and proper service.

(d) In the event that the use of any tangible part of the CATV system is discontinued for any reason for a continuous period of 90 days, or the franchise has been terminated, canceled or has expired, the grantee shall promptly remove from the streets or public places all such property of the system, other than that which the Town Board may permit to be abandoned in place, and as directed by the Town Board shall either restore the street or pay the Town for restoring the street or other area from which such property has been removed to a condition for public use as good as the abutting portions thereof. Any property remaining in place sixty (60) days after the termination or expirations of the franchise shall be considered permanently abandoned.

10.107 Authority granted by franchise.

(a) The grantee of any franchise issued pursuant to the provisions of this ordinance shall be authorized, subject to approval of plans by the Town Board to construct, or have constructed, operate and maintain a CATV system and to engage in the business of providing a CATV service in the Town, and for that purpose to erect, install, construct, repair, replace, reconstruct, maintain and retain in, over, on, under, upon, across and along any public street, such wires, cables, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, attachments, and other property, excepting poles, as may be necessary and appurtenant to the CATV system; and in addition, so to use, operate, and provide similar facilities or properties rented or leased from

other persons, including but not limited to any public utility or other grantee franchised or permitted to do business in the Town.

(b) (1) The grantee may initially charge subscribers and users of the CATV system for services up to the amounts specified in its schedule of rates and charges as proposed in its franchise application and approved by the Town Board. Such maximum rates shall be in effect for a minimum period of two years from the date of completion of installation of the CATV systems capable of effectively serving no less than 60 percent (60%) of the customers proposed in the approved initial plans.

(b) (2) The grantee may establish rates for service from time to time thereafter by filing with the Town Clerk a schedule of rates thirty (3) days prior to their implementation.

(b) (3) At any time after a minimum period, described in Section 7 (b) (1), the Town Board may determine whether it will assume rate modification authority, the rates may be modified by grantee as specified in Section 7(b) (2). If the Town Board assumes rate modification authority, then for the term designated rates shall be subject to modification only by the Town Board and in accordance with the following procedures:

(I) The grantee may petition the Town Board for a change in rates by filing a revised rate schedule including its justification(s) for said proposed new schedule.

(iii) Within ninety (90) days after said hearing, the Town Board shall render a written decision on the grantee's petition, either accepting, rejecting, or modifying the same and reciting the basis of its decision.

(iv) If the Town Board fails to act within 180 days of the grantee's petition pursuant to paragraph (I) above, the grantee shall thereafter be entitled to put its proposed new rates into effect on a provisional basis, provided that it shall keep a full and accurate accounting of all income resulting from said provisional rates and shall be obliged for a period of 180 days thereafter to refund the amount by which said provisional rates exceed the rates ultimately established by the Town Board. Upon request by the Town Board, the grantee shall provide a bond or other reasonable surety to ensure that possible refunds due under this subsection shall be promptly made, the bond or surety shall be in an amount not to exceed the difference between the amount of revenues generated in 180 days at the previously existing rates and the amount of revenues expected to be generated in 180 days at the provisional rates.

(b) (4) The criteria for the Town Board's decision in such matters shall be the establishment of rates which are "fair and reasonable" to both the grantee and its subscribers and shall be generally defined as the minimum rates necessary to meet all applicable costs of service, including fair return on all invested capital, all assuming efficient and economical management.

(b) (5) In order for the Town Board to determine whether proposed rate changes conform with the criteria established Section 7(b) (4), the grantee's petition for a rate increase shall include the following financial reports, which shall reflect the operations of the Youngsville system only:

The documents listed above shall include sufficient detail and/or footnotes as may be necessary to provide the Town with the information needed to make accurate determinations as to the financial condition of the system. All financial statements shall be certified as accurate by the chief financial officer of grantee.

(b) (6) Any disagreement between the Town and the grantee concerning interpretations and calculations of the financial and statistical information provided by the grantee may be submitted to a court of competent jurisdiction when permitted by law.

CHAPTER 11

ZONING

AN ORDINANCE IMPLEMENTING THE STATUTORY VESTED RIGHT PROVISIONS OF G.S. 160A-385.1

WHEREAS, the North Carolina General Assembly ratified Senate Bill 766 on July 20, 1990 as Chapter 996 of the 1989 Session Laws (1990 Regular Session), effective October 1, 1991; and

WHEREAS, Chapter 996 has been codified as G.S. 160A-385.1; and

WHEREAS, G.S. 160A-385.1 provides for the establishment of a statutory "vested right" upon approval of a "site specific development plan"; and

WHEREAS, the Town of Youngsville is authorized and required to identify the specific types of zoning or land use approvals that constitute a "site specific development plan" within the meaning of G.S. 160A-385.1;

NOW, THEREFORE, BE IT ORDAINED by the Board of Commissioners of the Town of Youngsville, North Carolina:

11.101 Purpose

The purpose of this chapter is to implement the provisions of G.S. 160A-385.1 pursuant to which a statutory zoning vested right is established upon the approval of a site specific development plan.

11.102 Definitions.

As used in this chapter, the following terms shall have the meaning indicated:

Approval authority - The Youngsville Board of Commissioners designated by this chapter as being authorized to grant the specific approval that constitutes a site specific development plan.

Site specific development plan - A plan of land development to the Town for purposes of obtaining a Special Use Permit or Conditional Use Permit, for non-residential development not requiring a Special Use Permit or Conditional use Permit a site plan prepared in accordance with Section 702 of the Town of Youngsville Zoning Ordinance, or for single-family development a preliminary plat prepared in accordance with the Franklin County Subdivision Ordinance.

Zoning vested right - A right pursuant to G.S. 160A-385.1 to undertake and complete the development and use of property under the terms of conditions of an approved site specific development plan.

11.103 Establishment of a Zoning Vested Right.

(a) A zoning vested right shall be deemed established upon the valid approval, or conditional approval, by the Youngsville Board of Commissioners of a site specific development plan, following notice and public hearing.

(b) The approving authority may approve a site specific development plan upon such terms and conditions as may reasonably be necessary to protect the public health, safety, and welfare.

(c) Notwithstanding subsections (a) and (b), approval of a site specific development plan with the condition that a variance be obtained shall not confer a zoning vested right unless and until the necessary variance is obtained.

(d) A site specific development plan shall be deemed approved upon the effective date of the approval authority's action or ordinance relating thereto.

(e) The establishment of a zoning vested right shall not preclude the application of overlay zoning that imposes additional requirements but does not affect the allowable type or intensity of use, or ordinances or regulations that are general in nature and are applicable to all property subject to land use regulation by the Town, including, but not limited to, building, fire, plumbing, electrical, and mechanical codes. Otherwise applicable new or amended regulations shall become effective with respect to property that is subject to a site specific development plan upon the expiration or termination of the vested right in accordance with this chapter.

(f) A zoning vested right is not a personal right, but shall attach to and run with the applicable property. After approval of a site specific development plan, all successors to the original landowner shall be entitled to exercise such right while applicable.

11.104 Approval Procedures and Approval Authority.

(a) Except as otherwise provided in this section, an application for site specific development plan approval shall be processed in accordance with the procedures established by ordinance and shall be considered by the designated approval authority for the specific type of zoning or land use permit or approval for which application is made.

(b) In order for a zoning vested right to be established upon approval of a site specific development plan, the applicant must indicate at the time of application, on a form to be provided by the Town, that a zoning vested right is being sought.

(c) Notwithstanding the provisions of subsection (a), the application for a zoning vested right shall be considered and acted on by the Youngsville Town Board following notice and a public hearing in accordance with G.S. 160A-364.

(d) Each map, plat, site plan, or other document evidencing a site specific development plan shall contain the following notation: "Approval of this plan establishes a zoning vested right under G.S. 160A-385.1. Unless terminated at an earlier date, the zoning vested right shall be valid until _____."

(e) Following approval or conditional approval of a site specific development plan, nothing in this chapter shall exempt such a plan from subsequent reviews and approvals to ensure compliance with the terms and conditions of the original approval, provided that such reviews and approvals are not inconsistent with the original approval.

(f) Nothing in this chapter shall prohibit the revocation of the original approval or other remedies for failure to comply with applicable terms and conditions of the approval or the zoning ordinance.

11.105 Termination.

A zoning right that has been vested as provided in this chapter shall terminate:

(a) at the end of the applicable vesting period with respect to buildings and uses for which no valid building permit applications have been filed;

(b) with written consent of the affected landowner;

(c) upon findings by the Youngsville Board of Commissioners, by ordinance after notice and a public hearing, that natural or man-made hazards on or in the immediate vicinity of the property, if uncorrected, would pose a serious threat to the public health, safety, and welfare if the project were to proceed as contemplated in the site specific development plan;

CHAPTER 12
PENALTIES

12.101 GENERAL PENALTIES; ENFORCEMENT OF ORDINANCES; CONTINUING VIOLATIONS

(A) Administration

- (1) Unless a greater amount is specified herein, an act constituting a violation of the provisions of this Code or a failure to comply with any of its requirements shall subject the offender to a civil penalty of \$50.00, which includes administrative fees. Each day any single violation continues shall be a separate violation. Unless expressly stated otherwise in a chapter or appendix, a violation of this Code shall not constitute a misdemeanor pursuant to N.C.G.S. 14-4. If the offender fails to correct this violation by the prescribed deadline after being notified of said violation, the penalty may be recovered in a civil action in the nature of a debt.
- (2) In addition to the civil penalties set out above, any provision of any Town ordinance may be enforced by an appropriate equitable remedy issuing from a court of competent jurisdiction. In such case, the General Court of Justice shall have jurisdiction to issue such orders as may be appropriate, and it shall not be a defense to the application of the Town for equitable relief that there is an adequate remedy at law.
- (3) In addition to the civil penalties set out above, any provision of any Town ordinance that makes unlawful a condition existing upon or use made of real property may be enforced by injunction and order of abatement by the General Court of Justice. When a violation of such a provision occurs, the Town may apply to the appropriate division of the General Court of Justice for a mandatory or prohibitory injunction and/or order of abatement commanding the defendant to correct the unlawful condition upon or cease the unlawful use of the property. The action shall be governed in all respects by the laws and rules governing civil proceedings, including the Rules of Civil Procedure in general and Rule 65 in particular.
- (4) An order of abatement may direct that buildings or other structures on the property be closed, demolished or removed; that fixtures, furniture or other movable property be removed from buildings on the property; that grass and weeds be cut; that abandoned or junked vehicles be removed; that improvements or repairs be made; or that any other action be taken that is necessary to bring the property into compliance with the applicable Town ordinance. If the defendant fails or refuses to comply with an injunction or with an order of abatement within the time allowed by the court, he may be cited for contempt, and the Town may execute the order of abatement. The Town shall have a lien on the property for the cost of executing an order of abatement in the nature of a mechanic's and materialman's lien. The defendant may secure cancellation of an order of abatement by paying all costs of the proceedings and posting a bond for compliance with the order. The bond shall be given with sureties approved by the Clerk of Superior Court in an amount approved by the judge before whom the matter is heard and shall be conditioned on the defendant's full compliance with the terms of the order of abatement within a time fixed by the judicial order. Cancellation of an

order of abatement shall not suspend or cancel an injunction issued in conjunction therewith.

- (5) The provisions of any Town ordinance may be enforced by one, all, or a combination of the remedies authorized and prescribed by this Section.

(B) Procedures

- (1) This section sets forth the procedures to be followed in enforcing the provisions of the Code of Ordinances. They shall be utilized unless an individual ordinance codified herein has different procedures, in which event the procedures of the individual ordinance shall be followed.
- (2) Unless otherwise provided by a specific provision of any Town ordinance, upon determination of a violation of any section of a Town Ordinance, the enforcement official of the Town of Youngsville shall cause a warning citation to be issued to the violator. Such warning citation shall be issued either in person or posted in the United States mail service by first class mail addressed to the last known address of the violator as contained in the records of the County. Such warning citation shall set out the nature of the violation, the section violated, the date of the violation, and shall contain an order to immediately cease the violation. If the violation is in the nature of an infraction for which an order of abatement would be appropriate in a civil proceeding, a reasonable period of time must be stated in which the violation must be abated. The warning citation shall specify that a second citation shall incur a civil penalty, together with costs, and attorney fees.
- (3) An appeal from a warning citation shall be taken within ten (10) days from the date of said warning citation by filing with the enforcement official and with the Town Clerk, a notice of appeal which shall specify the grounds upon which the appeal is based. Except in any case where the ordinance violated, which is the subject of the warning citation, specifically grants to the Board of Commissioners, acting as the Appeals Board, other powers in considering appeals and such appeal is applied for, the Board of Commissioners in considering appeals of warning citations shall have power only in the manner of administrative review and interpretation where it is alleged that the enforcement official has made an error in the application of an ordinance, in the factual situation as it relates to the application of an ordinance or both.
- (4) Where the enforcement official of the Town determines that the period of time stated in the original warning citation is not sufficient for abatement based upon the work required or consent agreement, the enforcement official may amend the warning citation to provide for additional time.
- (5) Upon failure of the violator to obey the warning citation, a civil citation may be issued by the enforcement official, either served directly on the violator, his duly designated agent, or registered agent if a corporation, either in person or posted in the United States mail service by first class mail addressed to the last known address of the violator as contained in the records of the County or obtained from the violator at the time of issuance of the warning citation. The violator shall be deemed to have been served upon the mailing of said citation. The citation shall direct the violator to

appear before the Town Administrator of the Town of Youngsville, or designee, within fifteen days of the date of the citation, or alternatively to pay the citation by mail. The violation for which the citation is issued must have been corrected by the time the citation is paid; otherwise further citations shall be issued. Citations may be issued for each day the offense continues until the prohibited activity is ceased or abated.

- (6) If the violator fails to respond to a citation within fifteen days of its issuance, and pay the penalty prescribed therein, the Town of Youngsville may institute a civil action in the nature of debt in the appropriate division of the North Carolina General Court of Justice for the collection of the penalty, costs, attorney fees, and such other relief as permitted by law.

PART THREE. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed to the extent of such conflict.

PART FOUR. If any section, subsection, paragraph, sentence, clause, phrase or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed severable and such holding shall not affect the validity of the remaining portions hereof.

PART FIVE. The enactment of this ordinance shall in no way affect the running of any amortization provisions or enforcement actions, or otherwise cure any existing violations.

PART SIX. This ordinance shall be in full force and effect from and after the date of its adoption.

Adopted this 13th day of March, 2014.
